DO YOU WANT AN ORGAN?

DO YOU WANT A PIANO?

WE HAVE THEM ALL STYLES AND COMBINATIONS, TO SUIT ALL TASTES AND EARS.

There are other houses who have real first-class instruments. There are more first-class pianos than two or three! There are more good organs than four or five! We haven't got them all, but we have some, and ours are about as good as anybody else's. We can save you some money, but if you have a preference somewhere else, we wish you to go there and do well. If you have not then write us what you want.

Style 14—EMERSON CABINET GRAND UPRIGHT, in Ebony, Rosewood, Burl Walnut, Fancy Mahogany, Spanish Cedar, Satin Wood, Hungarian Ash, or Antique Oak.

New Scale, 3 Strings or Unisons, 7 1-3 Octaves, Ivory Keys, Patent Repeating Action, Rolling Fall, Patent Swing Desk, Engraved or Bronze Panels, Carving on Front and Ends, Extra Carved Trusses, and Patent Mouse Guard Pedal Feet.

## DIMENSIONS:

Height,	-	-	-	4 feet 9 1-2 inches.
Width,	-	-	-	5 " 5 "
Depth,	-	-	-	2 " 3 "

## WE HAVE PIANOS

At \$200, \$225, \$250, \$275, \$300, and \$490 up to \$600 and \$700, when it comes to GRANDS. We have lately sold several

## KRANICH & BACH

Parlor Grands in Rosewood and GENUINE MAHOGANY, and without bragging we say they are the finest Grands in the world. If you want the finest "Grand" in the world don't fail to get our prices on the KRANICH & BACH.

## THE UPRIGHTS and SQUARES

Are as near perfection as is possible for a piano to be made.

They embody great mechanical inventions. The tone is RICH, VOLUMINOUS, brilliant and sympathetic. The TOUCH is easy, responsive and elastic. The tone sustaining pedals on the Grands and Upright Grands will sustain any desired note and chord with no effect on any other note.

In conclusion, the KRANICH & BACH is the HIGHEST GRADE in every detail.

Particulars by mail with pleasure.

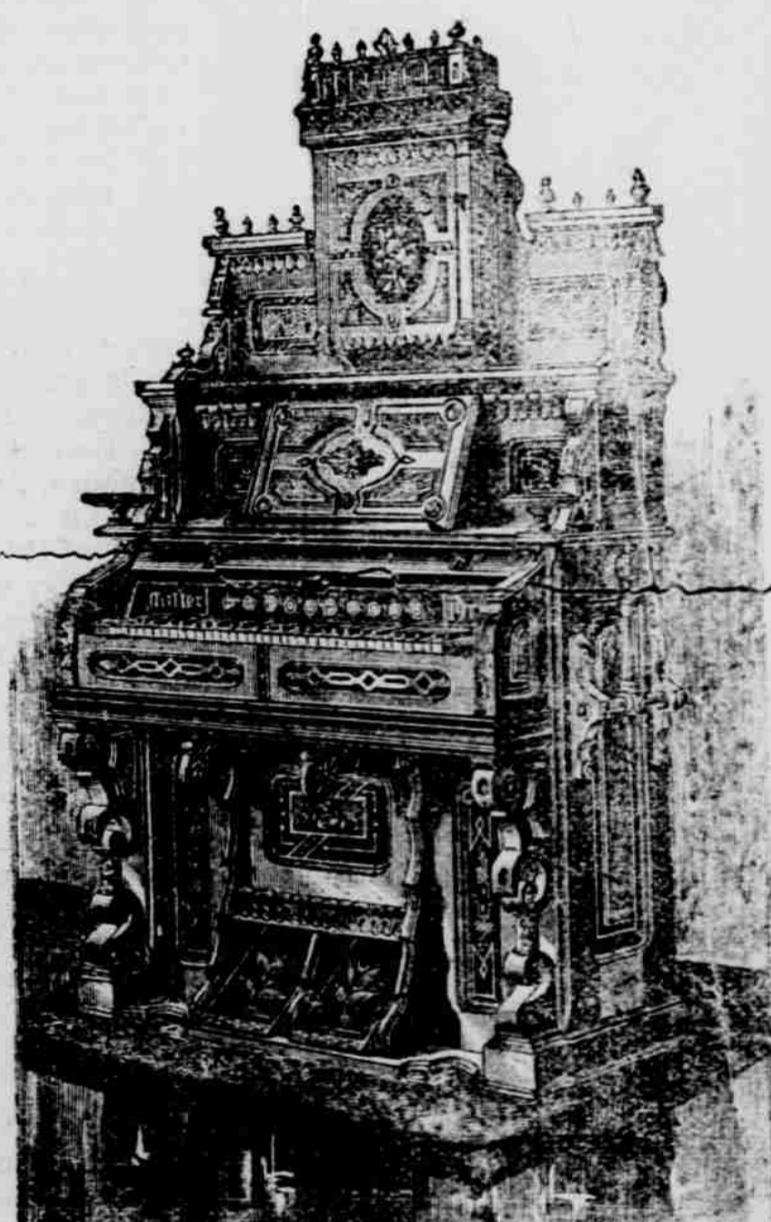

We have organs at \$40, \$50, \$62.50, 75, &c. The KIMBALL Organ is the best organ ever made for the money we now ask for it. There are over 110,000 in use. This number is increased at the rate of 900 per month.

CHURCHES can be supplied with MILLER and KIMBALL Organs at lowest possible prices. —\$35 to \$400—

We make a specialty of GUITARS, BANJOS and VIOLINS. Also, anything in the musical instrument line. We have control of the Stratton "Harp" and the "Bruno" Guitars, both American made. They are solid Rosewood, Mahogany Neck, Ebony Trimmings and the tone is superb. Price with case, from \$15 to \$25.

If you desire a fine Guitar or a fine Banjo or Violin write us.

## MILLER

ORGAN contains no array of worthless patents and catch-penny devices now so largely used to help sell the organs to which they are attached. The MILLER does not need these devices. It contains merit enough in itself. It has the largest and most elaborate cases of any organ made, and the tone is in harmony with its appearance and is its chief glory.

Write us for anything you want and we will guarantee to suit you, especially in prices. Our prices are attracting the attention of the Virginia and South Carolina people. We want the greater part of the patronage of North Carolina. We have always had a good portion. We want more. Our headquarters for everything in the music line are in the "City of Oaks," the capital of the "Old North State."
